STIP AMENDMENT 98S-51-ACTION

SUMMARY

This amendment programs 82 local storm damage rehabilitation projects in Los Angeles County using \$50,000,000 of Los Angeles County's unprogrammed share balance. The Los Angeles County Metropolitan Transportation Authority (LAMTA) is requesting that the Commission waive the 30 day notice requirement for amending these projects into the 1998 State Transportation Improvement Program (STIP) due to the urgency of beginning construction before the winter rains exacerbate the damage and increase the cost of rehabilitation (See Letter - Attachment C).

RECOMMENDATION

The Department is presenting this amendment and believes it to be consistent with the Commission adopted STIP Guidelines. The Department and the Commission staff concur with the request for immediate amendment into the STIP. The Los Angeles Metropolitan Transportation Agency (LAMTA) requests approval of this amendment.

RESOLUTION

Resolved, that the California Transportation Commission revises the 1998 State Transportation Improvement Program (STIP) as shown on Attachments A, B, & C. Be it further resolved that the California Transportation Commission waives the 30 day notice requirement for amending the STIP due to the urgency of beginning construction prior to the winter rains.

BACKGROUND

The Los Angeles County Metropolitan Transportation Authority (LAMTA) established a short term reservation of \$50 million for storm damage street and highway restoration when the Commission adopted the 1998 STIP augmentation program. This amendment programs 82 projects for a total of \$50,000,000 from the unprogrammed share balance which was previously designated as short term reservation.

<u>Los Angeles County</u>	<u>As of:</u>	<u>(\$ in thousands)</u>
Unprogrammed County Share Balance	August, 1999 CTC meeting Actions:	\$225,386
	Less this Amendment:	<u>-\$50,000</u>
	Balance Remaining:	\$175,386

Mr. Edward Sylvester, Chairman
California Transportation Commission
1120 N Street
Room 2233
Sacramento, CA 95814

**SUBJECT: WAIVE THE 30-DAY NOTICE PERIOD FOR STIP
AMENDMENT**

Dear Chairman Sylvester:

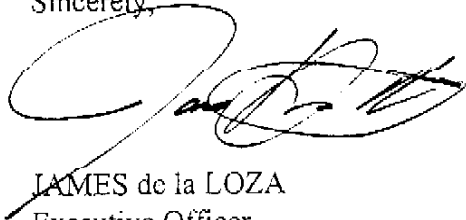

The Los Angeles County Metropolitan Transportation Authority (MTA) is requesting the California Transportation Commission (CTC) to waive the 30 day notice for its proposed amendment to the State Transportation Improvement Program (STIP) to provide \$50 million to local agencies in Los Angeles County for street and highway storm damage rehabilitation. This program was initiated at the request of the CTC in recognition of the adverse impacts storms of the past two years have had on the condition of the local road system, and is a high concern and immediate need by the local communities.

We are requesting the waiver of the 30-day notice to allow the projects to go into construction before the beginning of the winter. Without this waiver, many of these projects may be subjected to the loss of a construction season. If the local agencies are not able to construct the projects prior to the beginning of the rainy season, the damage caused by earlier storms will be exacerbated by the storms this winter, increasing the cost of rehabilitation and the impacts to the motoring public. As you are aware, once pavement deterioration begins and the longer it is allowed to remain in that state, the more work and expense is required to bring it back into a good state of repair.

By approving the proposed STIP Amendment and waiving the 30-day notice period, we expect a significant amount of the funds will be encumbered and projects started by local government public works departments will be approved within a month. Many of the local agencies have already begun working on their paperwork with Caltrans, and expect to be able to begin the protection of our street and highway infrastructure in the manner envisioned by the CTC.

We thank you, your staff, and Caltrans for all the assistance they have provided in this critical program. If you have any questions regarding this request, please contact Victor Kamhi at (213) 922-3093.

Sincerely,

A handwritten signature in black ink, appearing to read 'James de la Loza', written over a horizontal line.
